

Sept. 22: 8

In the Christian religion we find Rel. for business, for school, for church, for politics and for the home. It is very worth while in all these fields but I will talk to you to-day about "Home Rel." only.

There is not a field where Rel. is more important than there. our lesson to day has described to you an oriental home and some of the responsibilities connected therewith.

Personal Liberty is very much talked in these days.

Examples:

a. a man goes down the st. striking his fist. He hits you in the face you say, "Quit that" He says, "It's my fist I can do as I please with it."

b. A man has small pox and he comes into the school. The teacher says "Get out" He says, "It's small pox & I can do as I please with it."

But we have no right to go down the st. into school, home or any where else to hurt any body.

you have no right to go down town and fill up on beer and then spill out vulgarity before my child or any body else's child.

We come then and say "Combined the kind of a home."

want "want a minute brother you have no right to build a house (with pool tables dance halls etc) to hurt people. Wm. L. Weller

"Hear God's word and don't get too smart to take God's word" when thou buildest a new house, then thou shalt build a battlement for thy roof that thou bring not blood upon thy house if any man fall from thence"

Let us look at some of the uses of the Oriental home.

- I. Service. Every member of the home out to learn to serve - Pick up your clothes
- II. Recreation - receive husband with a smile and meet your wife with some other than a frown - Do not tell each other all the bad things that have happened.
- III. Fortification - After hard work in the problems of life man wants the rest and help of the home.
- IV. Prayer - Our 'home song' - family altar - prayer around it for moral vision of God's ways -

The walls we should build

1. Discipline
2. Reverence
3. Constant Christian living
4. Family worship (Let family altar be here)

III. That boy has some things we have not got!
