

Fathers Day

June 15th
1930

Old Mr. Foodick, "I have never
anything yet I am a success"

How did this come about? He had
four children - Two boys and two girls.

- Harry Emerson - P.C., Rockefeller Ch., 2 1/2 million
- First girl a professor
- Second boy prominent in politics
- Second daughter mother of several children,
a specialist on motherhood.

The text illustrates a real father's heart.
The boy repents - The father says "let's bestroke
and put it on him."

- Fathers need to
- Systematize their time
 - Visualize for their children
 - Spiritualize their lives.

- Fathers deserve
- Consideration
 - Pleasant and restful atmosphere
 - Some gethousless moments

A boy went to College and sent a card
to his father saying:

"No more
No more
your son"

and re-
plied

"No, had
to do
your son"

There must be a three fold cooperation
to rear the child. Not only mother and church
but mother, church, and father.

The Last Day

Not kidnaped but lost as follows:

mother lost him [she was so busy with her tea, dinners, and looks]

b. Church lost him [ministry thought too much of pleasing older set]

c. Father lost him [He did not take time to sit down at fire side]
