

Communion

SUN. SEPT. 3, '33.

Paul is Talking To his favorite church, "But my God shall supply all your needs, according to His riches in glory, by Christ Jesus."

What prompted him to say this? It was an act of theirs - "I am full having received of E-paph-ro-ditus the things which were sent from you - - - a sacrifice, acceptable, well pleasing to God."

This then was the basis on which the abundant supply was promised, Paul establishes his right to make such a statement because he is talking from experience,

God has a reservoir of supply that can not be exhausted Niagara has never gone dry because fed by 4 great lakes and a million springs.

Has God been more plentiful of nature than of man

Ill - Lawrence + Arabs + Hot water
Jawcets - They wanted to carry tops home with them, He explained

that the Taps were the smallest part
back of their long line of pipe,
system of boilers, pumps, and
a knowledge of water & heat.

Paul looked beyond the Taps and
saw the great reservoir when he
saw, "My God shall supply all
your need."

See Dr. William E. Bortoy + Mud
Ocean + radiogram to daughter
as he went to lunch - as he
came out from lunch re-
ceived message from daughter
in answer to his. He meditated
that if an earthly father could
have such immediate com-
munication with his chil-
dren would not keep open way
of contact with his children.

"My God SHALL supply" no uncer-
tainty - Samuel Eng. writer, James Bas-
see I Johnson paid his friend well
a great tribute when he said:
"He had no genius but so true
was he that if he promised a
man a corn and now
grew in England that year
he would go to Denmark & he
would disappoint his friend."
Multiply this many times and
you will have Paul's certainty

about God supplying our every need.

Some one says "But that means spiritual needs" Of course God does that but Paul is talking about bodily needs - food - clothing - shelter - "I know what it is to suffer want and to abound."

My God shall supply all your needs according to riches - not means penny dollars - By Christ. All that we may say about Christ is not as great as He,

It takes more than turning the top that makes the riches available. One can not forget God, neglect Him from year to year and then when in trouble go and expect all he needs -

The tap must connect with

1. Faith
2. Trust
3. Devotion
4. Loyalty
5.  Earnestness
6. Honesty

} Sacrificed Jesus
was great sacrifice

With this connection God's supply is always available,
