

## MOTHERS NIGHT

Gen.....3:20

We carry you back tonight to Genesis. In this third chapter of this much discussed book of the Bible we have a picture of two people who had known nothing of evil...ate of a certain tree and came to know right from wrong.

The Serpent tempted Eve and she ate...Eve tempted Adam and he ate.....and for his eating thorns came...bean beetles etc. *Serpent + bearded head. Adam hard work - Eve + Thorns*

Adam called his wife's name Eve..because she was the mother of all living. A better translation is "That she was to be the mother of of all the living. And he called his wives name LIFE...she was to be mother of all human beings and of HIM who was to give life to a world dead in trespasses and in sin.

DEATH

{ Because of that sin back there in the first mother all mothers suffer...none are free from it. One thing that makes mothers so dear to us is that they have to walk down to the door of death to bring us forth into life.

"Mothers are needed more than a standing army." For the and that rocks the cradle rules the world.

Wifehood and motherhood are the two important functions of woman. At the same time women who are not mothers, because of their motherly instincts, are heronies for the ongoing of the race....It might be said sadly too that all women who have children are not mothers....

Man may buy the furniture but mother makes the home..She has the child in her care during its most formative period... Bishop Marvin got his first religious impulse at the age of four when he heard his mother singing.. "There is a fountain filled with blood." John Wesley before coming to America asked his mother about it. She replied, "John if I had 100 like you I would send them." You see they are really ready to sacrifice for that which is really good.

"Mans work is from sun to sun but a womans work is never done."

Suggestions have been made as to how to be the best mother:

- a. Control temper. Explosive temper will explode a home.
- b. MODULATE VOICE. SCREAM WILL FRIGHTEN MONKEYS.

c. Sympathy...Burbank said that a child is the most sensitive plant living today. It is said that when Mr. West the first American painter pulled the hair from a cat's tail his mother bragged on him and then getting into his life led him not to desire such action again.

JAIL { They teach by example...it is always possible to set wrong example...Mother talking to her son in jail said, "I did not teach you bad things." Son replied, "Neither did you teach me good things." In a burning house a woman got her jewelry and lost her baby.

A former editor of the Sat. Evening Post said, "I am not a self made man I am a mother made man."

One of the most touching things I ever saw and heard and one that pictures my idea of mothers was at a funeral. The daughter of the lady I was burrying taking her last look at her mother said..." Poor patient mama."

The mother's disposition has so much to do with the home that it behooves us to help them to be calm.

I believe we men want to command to gether to night to do all we can to help the mother in our home
