

C.B. 211 + 186 + 210 — P.M. 1/28/34 / W.V.
What the world needs most
Math. 6: 33

We are of course concerned with what the world will be 1000 years from now but the thing we are responsible for is "what the world is in our day and generation."

A man was up preaching and said, "This earth will be a burnt out cinder in 10000000 years. A man in the audience arose and said, 'what did you say preacher?' and looked disturbed!" The preacher re-stated that the world would be a burnt out cinder in ten million years. The man said, "That's all right I thought you said one million years."

~~False~~ words tell us the need of the world.

1. Experience. The Church had its birth in Christian experience. ^{Day of Pentecost} Peter's confession. Some say that Methodism was born in a university but if that had been its only birth it would have remained in England. It was born at Aldersgatest Church when Wesley's heart was strangely warmed.

Some one has said, "Let me commend my Savior to you" This Savior can save you if you are the least lost or lost.

If we have Christ and nothing else we are rich, but if we have everything else and not Christ we are poor.

Emil

Little Ludwig said, "unless you have a mad, furious, and passionate devotion to your subject you can't make it live in others." I heard of a church one other day that had a thermometer on the pulpit.

IV. Expression - experience & expression are twins. with experience only we are terminals of God's grace but when we add expression on we are distributing points.

In last few years we have laid every thing to the depression as we have kept everything for ourselves and let the missionaries come home.

The depression has done lots of things along with giving us an excuse not to pay our obligations it has done away with tramps. A man no longer says "I am a tramp" but "I am an unfortunate victim of the depression."

Gen. organ - O. Conf. organ 1/6 we bought an organ.

Localized thinking - missionary Bap. said to a Hordshell - join us we need you the only def is that we pay to foreign missions. Hordshell figured up what they

had paid and it was 10 cts each. So
he went back and said, "Here's the dime
I'll join you." See P 23

III. Courage - (optimist = man who reaches
for his hat when P.C. says "Just one more
word")

with Courage we pass over obstacles.
Too many hold on to pet hindrances and
glad to. Old woman when asked, "Auntie
how are you feeling to-day?" Poorly
Thank De Lord!

A boy with a sore finger - Big
peg always on it.

Chandeleer with 66 lights one for
each book in the Bible. P.C. saw his
little boy disturbed and looking at the
lights and then he cried, stop daddy
Lamentation is out!

IV. Adventure - Epic of 49 has been
replaced with the Buick of 29.

1. Abraham had to adventure

2. Moses

3. Jesus

4. Our missionaries have to ad-
venture.

Dr. Ammonson came home on a fur
lough. After 3 hrs started back. Asked why
he went. "I can't sleep for thinking
of those people! most of us can't think
of those people for sleeping.
also see P 22

X. Greatest of all needs is
Jesus - and the four needs
already mentioned will be
satisfied except as Christ
fills them through and
through -
