

Jan. 6:10

Bread lines are not new - Jesus fed and his church has always been in the feeding business, physically and spiritually - this a continuous thing.

Scene 10 - night is where Jesus was in the mt. Asked Philip "whence is thy bread?" Philip had forgotten miracles, "we are too poor" just a little pocket change. (Herr)

"Pocket Change" Christians - never put on a worth while campaign but that some say "This is the wrong time." "What under my nose"

deficits - unnecessary - any church will lose its place in the sun that plays cheap with Jesus.

As the world turns its face, with sunken eyes to the church will we be Philip's?

There was a man there who was a "finder." "Few leaves" - able to find the material he was also able to find souls - Dr. Carothers this was Andrew, you can count on such men "Grand stand" numbers.

"Make the men to sit down" men in confusion I have liked to preach when you could hear an undertone of folk, talking - sounding like a pond full of bull frogs.

But Jesus turned Jesus - He looked to heaven - when people are here to heaven we must look.

The disciples handed out the bread from hands of Jesus. If you can't give bread for the body you can give spiritual food.
