Following up our scripture of last Sunday where the "70" returned with joy saying "The demons are subject unto us through thy name," we have Jesus in the passage today rejoicing and saying, "I thank Thee O Father, Lord of heaven and earth, that Thou didst hide these things from the wise and understanding, and didst reveal them unto babes: yea Lord, for it was well pleasing in Thy sight." The conduct of these men has brought joy to the heart of Jesus. If joy could be brought to Him back there I know that it can to day. I do not know of any thing I could do, after knowing of the suffering and death of Jesus for me and you, than to bring joy into His heart.

Their conduct showed that they had caught the idea of Jesus and were going on with the work of getting people to throw the devils out of their lives and live as they should. As He talks there about the work of the disciples and His heart filled up with joy and He told His Father about it He saw the blessed relation between the Father and the earth that He the Son sustained and just had to speak out, "All things have been delivered unto me of my Father; and no one knoweth who the Son is save the Father, and who the Father is save the Son; (Now listen at the thing which seems to bring Him so much joy) and he to whomsoever the Son willeth to reveal Him" (But through Him this precious revelation has passed over into the lives of uneducated people so that they have had the power so to understand it that they see it even as the highly educated have not been able to do aside from Jesus, and are actually proving that as Jesus leaves the earth they can go on casting out devils. *nothing taught against education, the prepared man has greater possibilities than an unprepared. But God does not have to educate them.*)

Then He turns to them privately. Think of the Son of God turning to you with that look of commendation with heavenly joy on his face. He did not have that look always on His face. When He looked at the money changers defiling His Father's house it was not one of commendation. To day when people use the church to hide behind so that they may the better make money or votes amongst the people His face the look is not that of joy. When He wept over Jerusalem because they would not do right His look was one of sadness. When you hear and hear and yet through the power of the devil just will not give up your hateful stubborn ways He looks at you with sadness. I wonder how He is looking at us to night? *we determine look on His face.*

He turned to them privately and said, "Blessed are the eyes that have seen what your eyes have seen." This matter of seeing is of great importance. About 90% of all we learn comes through the eyes. But we may see and not perceive. That is we may see the object but not understand it. We may see Jesus as pictured in the Bible but not understand Him. When we really perceive Him and rightly understand Him and swing our lives with His we will become a reflector in the community showing Jesus to the people about us and a purifying element to purify our families and others of our acquaintance.

*What had their eyes seen?* It was something that kings had desired to see, and had not seen. The kings had enjoyed their great palaces, robes, wealth, servants, and honors but here were fishermen seeing something that kings had missed. There are some things that wealth and social honors do not bring. That something however is in reach of the vision of a king when he meets the condition. When he repents believes and humbles himself he may see. *X-Ray cures when one is right position.*

They saw that which prophets had desired to see. Prophets had lived at a time when the revelation had not come. They told what was coming but it was more or less vague to them.

They saw what angels desired to look into. The prophets had it revealed un

to them that this great revelation would be revealed to later generations by the gospel preached by the help of the Holy Spirit, which the angels desired to look into. What was it? It was the incarnation of Jesus who was the revelation of God showing to mankind God Himself in Jesus and the plan of redemption for every soul. These disciples were there looking on this revelation. Blessed are the eyes that have seen what your eyes have seen and ears that have heard Jesus speak.

Now if they were blessed what about us? Our eyes have seen the unfolding of the deeper meaning of God as the Holy Spirit has been leading us in to all truth as was the promise. Our eyes are seeing the mysteries of the heavens, the sea, and the earth. We are going to see more. The Holy spirit is leading into the great secrets of health, wealth, and happiness. He is leading our eyes to see that along with conversion not only are we to give our souls to Jesus but we are to make the best bodies possible for work and the best winning powers possible for making wealth and then the giving all of it to Jesus.

*They came to see you as Jesus said of the subject. The dark side of cloud is horrible picture as the "sun" side angel.*  
*Have [Heaven] looked on inhuman kind + Christ's value of the same. [Some] look at your cottage, merely etc to convert. Christian command the family*  
It is ours to see a greater meaning in this revelation of God. We are not only seeing the flowers on the upward mountain slope which bring enjoyable sensations to our beings. We are not only seeing the mountain springs that strengthen us along the upward climb. We are not only seeing the glow in our skies from light beams having their source behind the mountain. But we have been lifted up by the Spirit it seems most to the peak where ~~we~~ see the face of the great source of light in its splendor. We are seeing the more clearly the great beneficent Father as He sheds light into our faces and joy into our souls.

*The*  
Let us so see ~~our~~ relationship between that good Father and those who know Him not, and so perform our duties therein that as Jesus did in the years of long ago we may ~~may~~ rejoice and say Father we thank Thee that we have been able to pass this great salvation thought down to others that they too are casting out demons and leading men of all types to know Thee Whom to know aright is life eternal.
