

Abraham had three distinguished visitors - One was God - 2 were angels.

He was the point of contact God had with the earth.

Commentators say that God was going down to investigate Sodom to see if it were as bad as reported -

God permitted Abraham to think this - for man then knew not God's big ness.

Abraham then finding out God had heard of

- the wickedness of Sodom
and that he was going down
to destroy it - prayed.

His object - to save
Lott - His approach - 50 - 45 -
40 - 30 - 20 - 10. God said -
"get for thee".

Blessed remnant - real
Cove - You can save a
city - 1 can char a 1000
2 put 10,000 to flight

You seemed not to be
saved but the core of A-
braham's prayer was
answered for Lott was
saved -

How did his prayer
differ from N.T. prayers
as taught by Jesus?

"Love your enemies &
pray for those that despite
fully use you."

Abraham prayed by
light he had. And got
what his heart wanted.

The light we have is
world wide - and if we
will pray for the world
with a true desire that
Abraham prayed for, I tell
and be willing to help
answer our prayers, as
he did - God will
answer just as surely -
